## **1. Introduction**

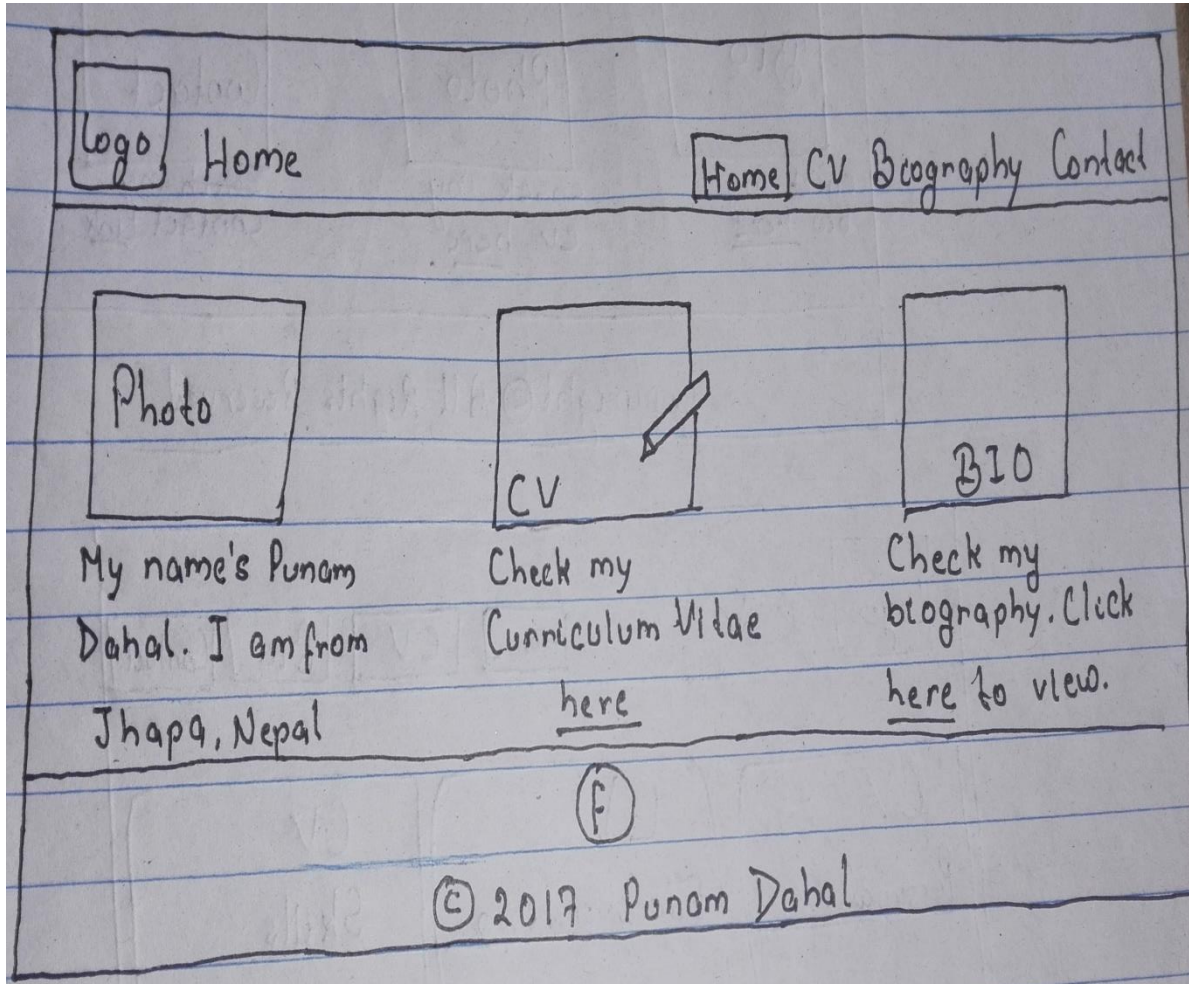

This project is about creating a portfolio of me. I researched on other various portfolio pages before designing one for me. Considering their good aspects, I noted some key points like images relating page contents, short description relating the images, and colour combinations are very important in designing a proper and user-interactive page. I used a shade of silver colour for header and footer and black in section, constituting a dark theme.

## 2. Sketches

Firstly, I made several rough sketches to design my portfolio. I made many sketches so to compare them and select the best sketch for the design.

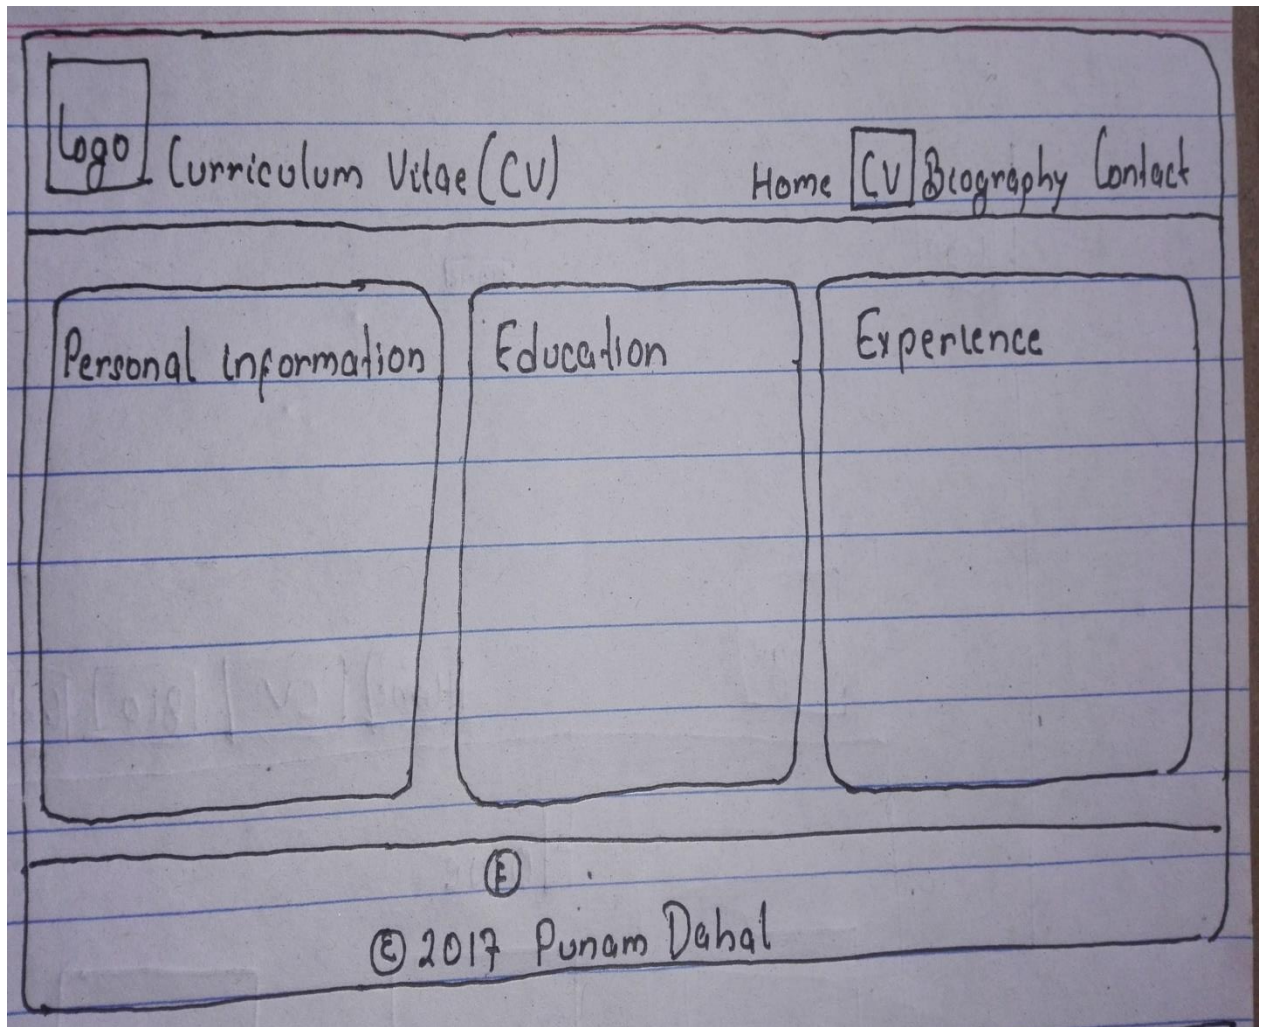

### 2.1 Sketches of Home page

This is my final sketch for home page.

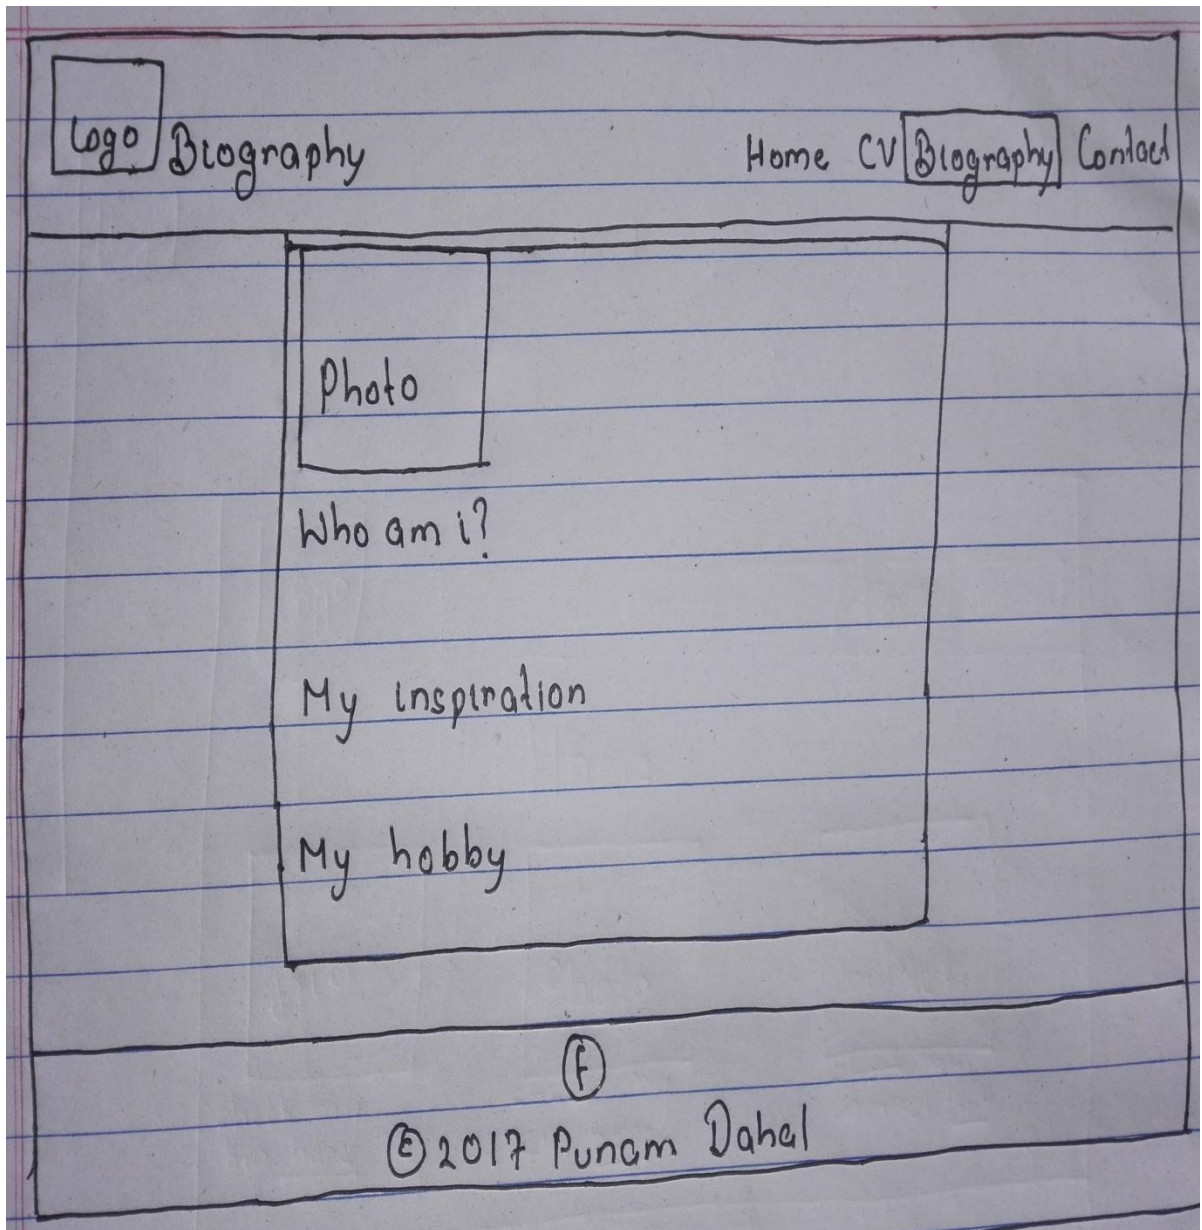

## 2.2 Sketches of CV page

This is the final sketch for my CV page

## 2.3 Sketch of Bio page

This is the final sketch for my Bio page.

## 2.4 Sketches of Contact page

This is the final sketch for my Contact page.

The sketch shows a contact page layout on lined paper. At the top left, there is a box labeled "Logo" followed by the word "Contact". At the top right, there is a navigation menu with links: "Home", "CV", "Biography", and "Contact". The main content area is a large rectangle containing a form. The form has the following fields and labels:

- First Name: [text input box]
- Last Name: [text input box]
- E-mail Address: [text input box]
- Contact Number: [text input box]
- Your Message: [text input box]
- [text input box containing "your message here"]
- [button labeled "Send Message"]

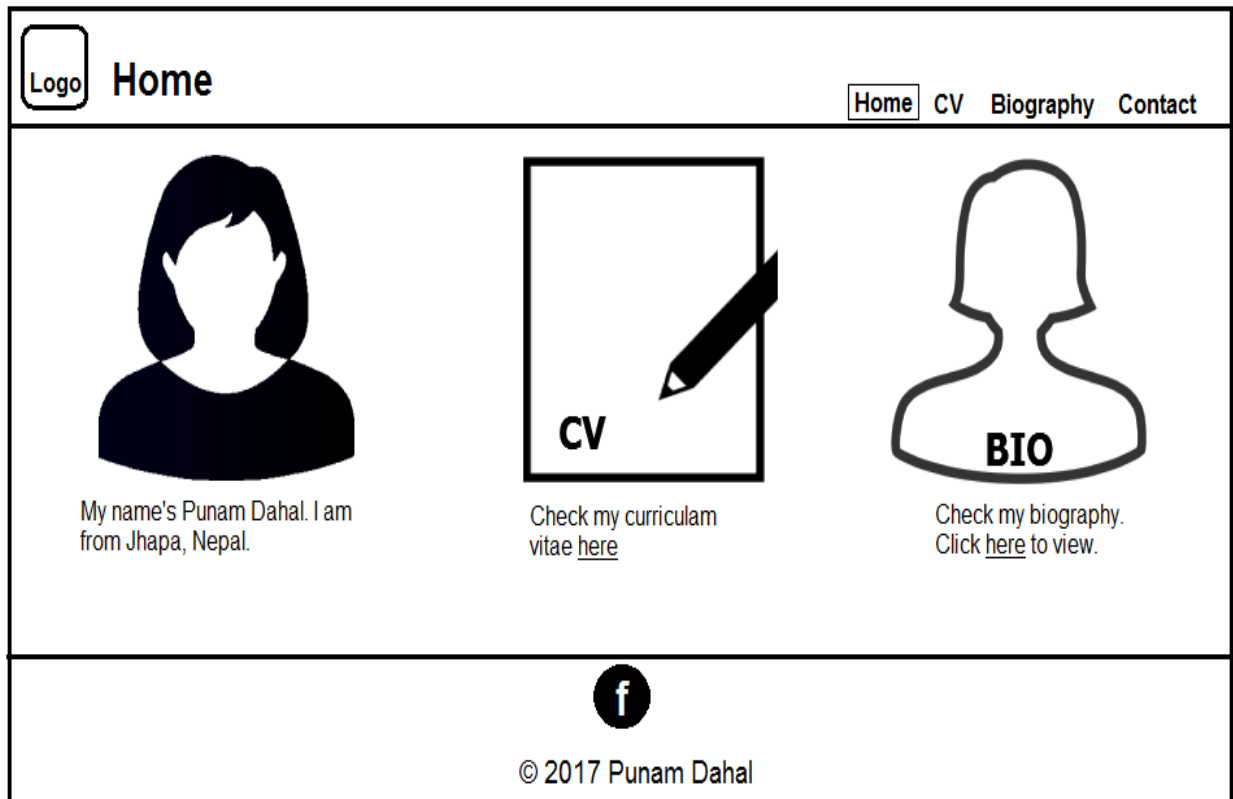

At the bottom of the page, there is a copyright notice: "© 2018 Punam Dahal".

### 3. Wireframes

After completion of sketches, I made simple wireframes considering the sketches to make it easy to give final look to the design of portfolio.

#### 3.1 Wireframe of Home page

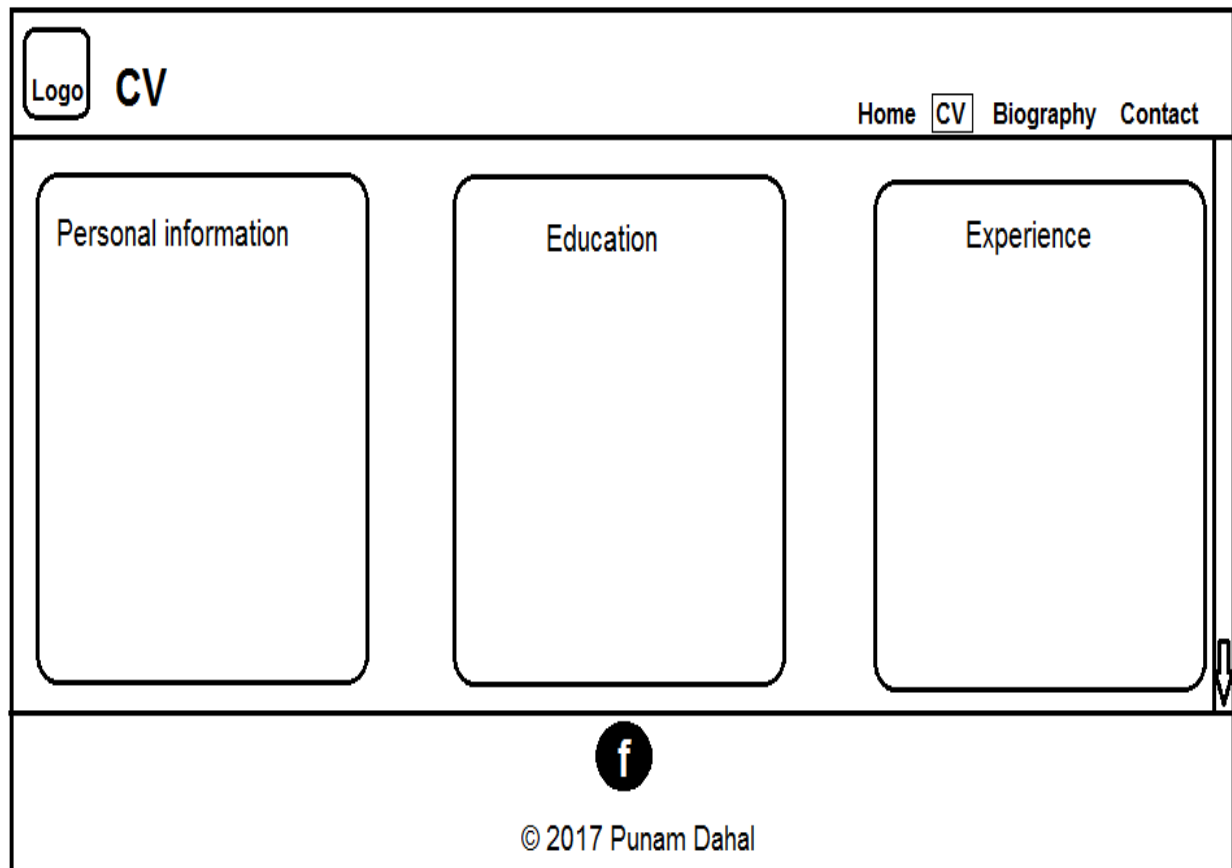

This is the wireframe of home page.

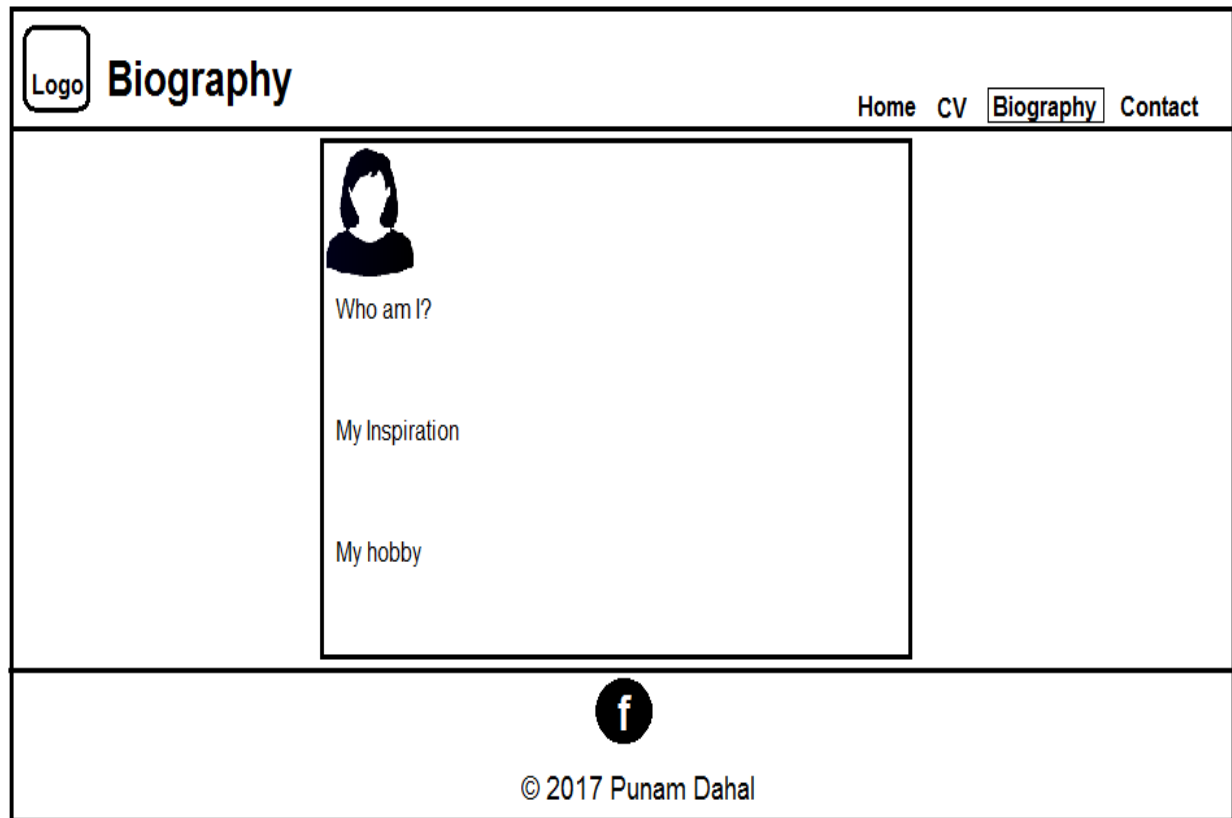

### 3.2 Wireframe of CV page

The wireframe of CV page is as below.

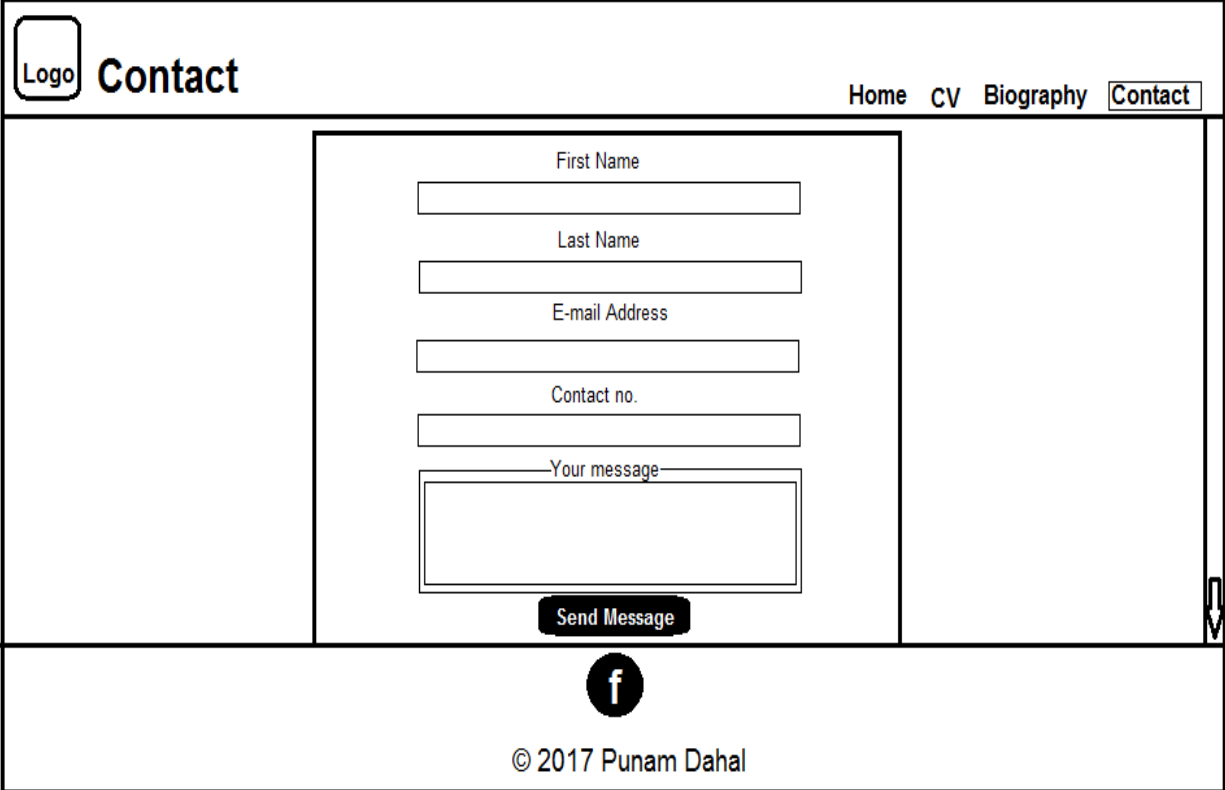

### 3.3 Wireframe of Bio page

This is the wireframe of Bio page.

### 3.4 Wireframe of Contact page

This is the wireframe of Contact page of the portfolio.

The wireframe illustrates a contact page layout. At the top left, there is a placeholder for a logo labeled "Logo" and a main heading "Contact". To the right of the heading is a navigation menu with links for "Home", "CV", "Biography", and "Contact", where "Contact" is highlighted. The central area contains a form with five input fields: "First Name", "Last Name", "E-mail Address", "Contact no.", and "Your message" (which is a larger text area). Below these fields is a "Send Message" button. The footer section features a Facebook icon and the copyright notice "© 2017 Punam Dahal". A vertical scrollbar is visible on the right side of the page.

### 3.5 Wireframes of mobile design

I have also made the wireframes and designs for mobiles. So the portfolio is applicable in mobile frames.

## 4. Design

### 4.1 Design of Home page

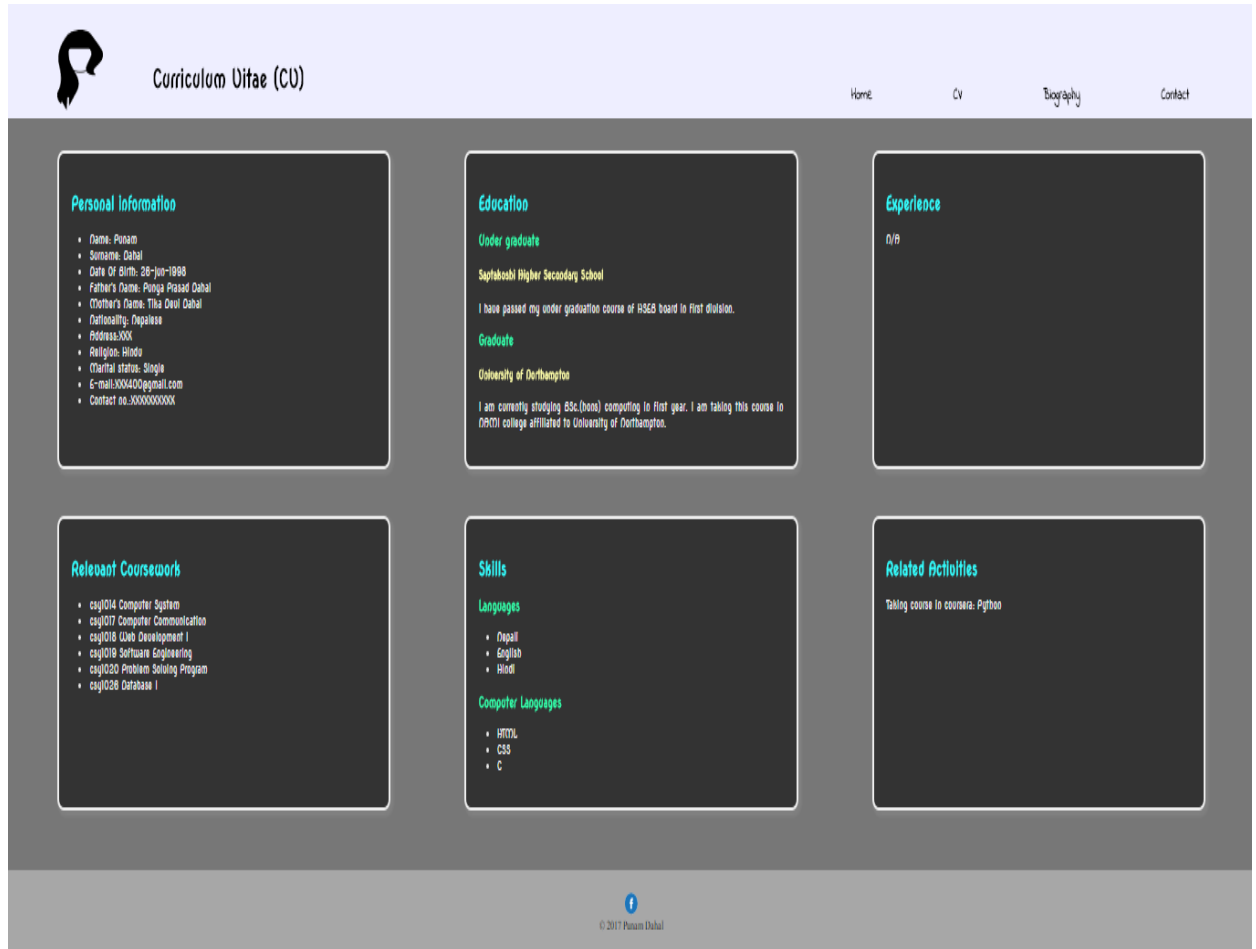

This is the design of the home page of the portfolio. It contains three pictures containing personal name and address, CV and Bio.

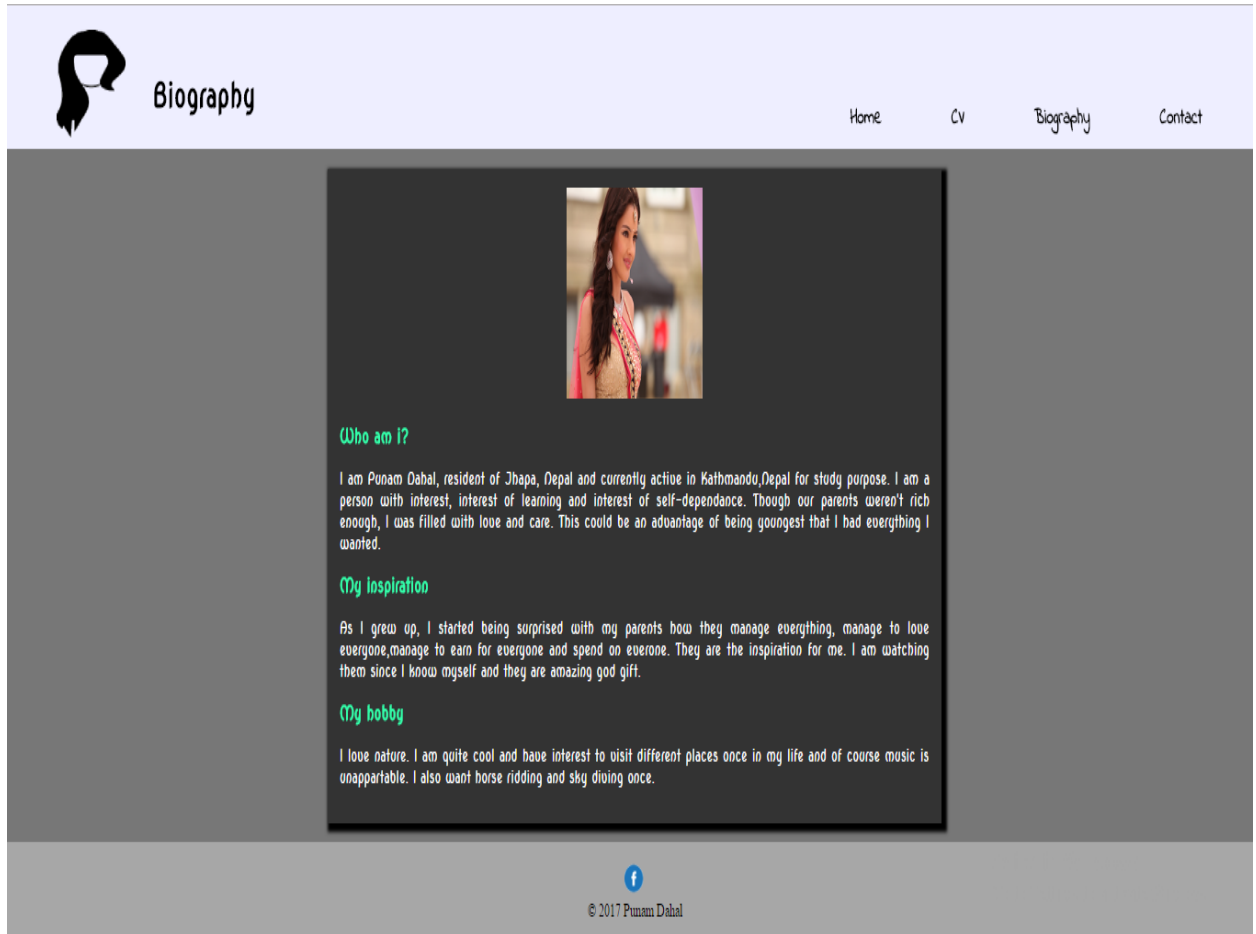

## 4.2 Design of CV page

This is the design of CV page of my portfolio. It contains brief about my personal information, education, experience, related coursework, skills and related activities.

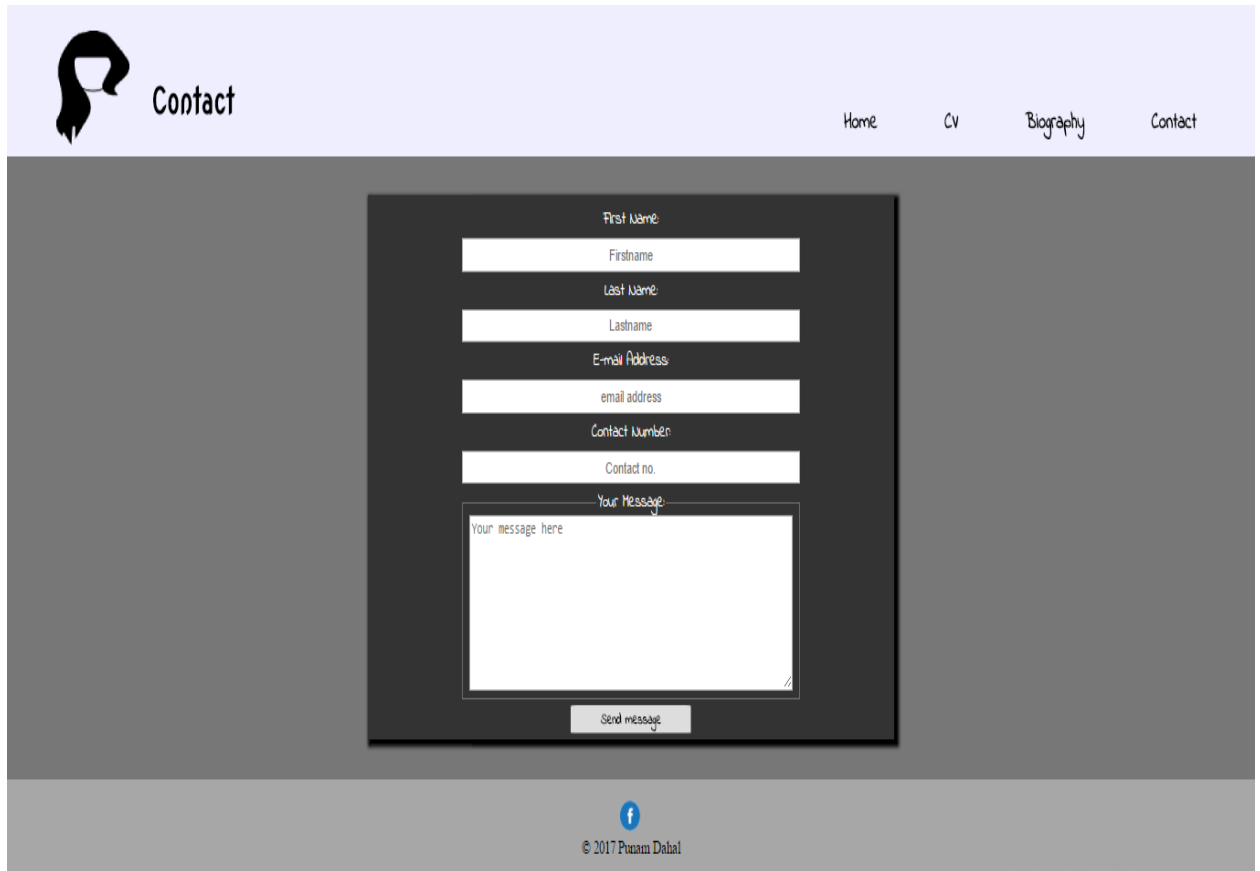

### 4.3 Design of Bio page

This is the design of Bio page of my portfolio. It contains a brief biography about me and describes about me, my inspiration and my hobby.

#### 4.4 Design of Contact page

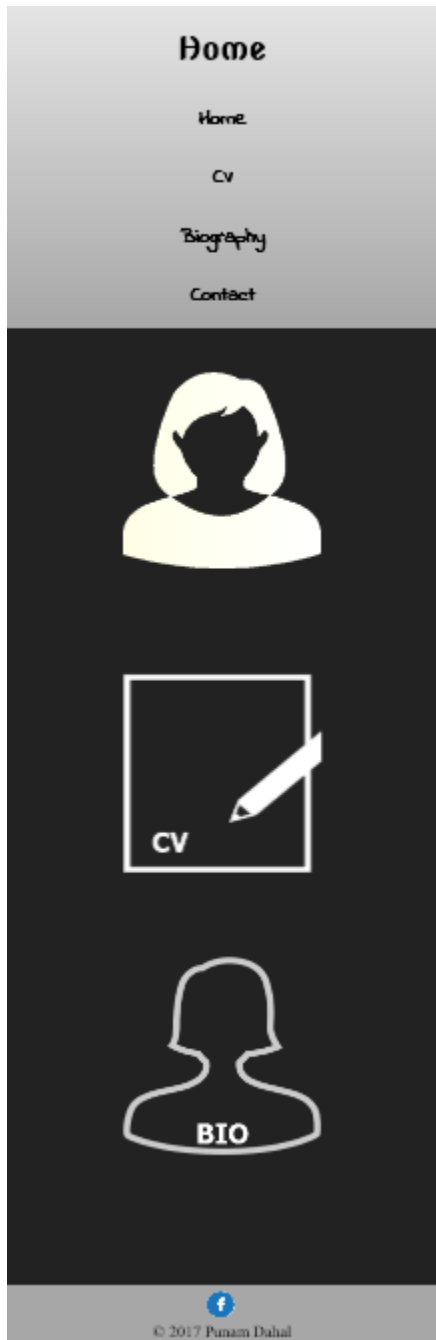

This is the design of Contact page of my portfolio. It contains a form that the user needs to fill in order to contact me. The form includes fields for first name, last name, e-mail address, contact number and a section for the message that the user wants to deliver to me.

The image shows a web page design for a contact form. The header is light purple and contains a black silhouette of a woman's head and shoulders on the left, followed by the word "Contact" in a bold, black, sans-serif font. To the right of the header, there are four navigation links: "Home", "CV", "Biography", and "Contact", all in a smaller, black, sans-serif font. The main content area has a dark gray background. In the center, there is a white rectangular form with a thin black border. The form contains the following fields and labels: "First Name:" followed by a white input field with "Firstname" inside; "Last Name:" followed by a white input field with "Lastname" inside; "E-mail Address:" followed by a white input field with "email address" inside; "Contact Number:" followed by a white input field with "Contact no." inside; and "Your Message:" followed by a large white text area with "Your message here" inside. Below the text area is a small "Send message" button. At the bottom of the page, there is a light gray footer containing a small blue Facebook icon and the text "© 2017 Pooam Dahanl".

## 5. Time taken for the project

The completion of this project took around 8 weeks.

## 6. Conclusion

I thought of designs of different pages, took a look at other portfolio pages and finally drew some sketches. I changed sketches for home page and CV page in the process. I drew wireframes from those sketches. During the process, I researched on colour combinations for good design. Finally, I made the portfolio implementing my findings.
